QUOTATIONS OF SEASONABLE SEEDS AND POULTRY FOODS

RICHMOND, . . . VIRGINIA

Price List No. 377

February 12, 1924

The attention of our customers is respectfully called to the following information which, if followed, will avoid misunderstandings and be an aid to purchasers as well as ourselves.

These quotations are our prices of this date, and are subject to immediate acceptance and goods being unsold. They are not binding, and are subject to change at any time without notice. We will cheerfully quote firm prices at any time on request, or we will always fill open orders entrusted to us at as low prices as we can for our best qualities at the time of shipment. It frequently occurs that prices change between the time our price lists are issued and receipt of orders. When such is the case, if the articles ordered are lower, we give you the advantage of the decline; and if higher, we charge the advance price. When ordering by this price list, please give the number or date, and in case you wish to limit your order to any special price list, please so state on your order. Otherwise your order will be handled as we think best.

For information and prices on articles not given in this this list, refer to our annual Spring catalogue. If you did not receive one, we will be glad to mail it on request.

TERMS on all Farm Seeds, Potatoes, Onion Sets, Poultry Foods, etc., are **Net Cash** and all bills for same are due on receipt of goods. Customers who have no credit account with us are expected to remit the amount with their orders. We often receive orders from customers personally unknown to us, requesting that we forward the goods saying, "I will mail check." It can readily be seen that this is impracticable, as we could not afford to make a practice of doing this, so please do not ask it unless established credit has been previously arranged with us, as satisfactory business references must always be given by customers wishing to open accounts for credit. You run no risk in sending cash with your order. Our reputation as honest and experienced seedsmen is well known, while our financial responsibility can be learned from any bank or wholesale merchant who are subscribers to the commercial agencies.

All Seeds sent out by us are carefully tested; yet on account of conditions over which we have no control, Diggs & Beadles, Inc., gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any Seeds, Bulbs, or Plants they send out, and will not be responsible for the crop.

Cotton sacks to hold Clovers, Timothy, Herd's Grass, Millet, Rape and all fine Seeds will be charged for extra at value, and are not returnable for credit. For present price of these sacks see over.

Freight depots here close at 4:00 P. M. Saturdays at 2:00 P. M.
